ECONOMIC MISERY REIGNS IN ALBANIA

A-8

SHEHU PROMISES RATIONED CORN TO THE ALBANIAN PEOPLE!

SIXTY PERCENT OF THE ARABLE LANDS will be sown for corn in the second five-year plan -- by Mehmet's order. This is progress, communist style! The same Mehmet had at one time condemned corn as being food WORTHY OF PIGS! ... Today he presents it to the people and says this is what you will eat. The people must endure unsurmountable hardships and sacrifices in fulfilling the new five-year plan and in return are promised cornbread -- and rationed at that!

The right to plenty, with special food and clothing stores, is only reserved for the ruling clique while the worker must endure and endure for what the communists promise "better days to come"!! Misery with hardships and sacrifices form the basis of the workers existence because such is the will of the oppressors -- the oppressors who turned down the American people's food offer while the same offer was accepted by communist Hungary, Czechoslovakia and East Germany.

The subservience of the Hoxha-Shehu clique to the Kremlin is leading our country to ruin -- Albania's political and economic freedom have been traded in exchange for Soviet hand-outs of used and broken-down tractors and machinery. Our people are given BONDAGE, SUBSERVIENCE, BANKRUPTCY -- while the Russians remove the cream of Albania's products.

The FREE NATIONS on the other hand with economic systems based on freedom and private initiative have assured the prosperity which MAN deserves. Free Nations have benefited from the noble United States assistance -- WITHOUT selling their freedom. The colossal economic progress made by Free Nations such as Western Germany and Japan through the disinterested aid of the United States -- a fact admitted by Hoxha at the Third Party Congress -- is living proof of the WORKING MAN'S RIGHT to a progressively better life.
